a subfund of Quadriga Investors (the Company)
(ISIN: LU1627598250, share class: A - EUR)
Management company: Quadriga Asset Managers SGICC, S.A. Management Company (Spain)

Objectives and Investment Policy

Objectives

The Sub-Fund seeks to provide investors absolute return through investing in a diversified portfolio of assets of the major world currencies.

Investment policy

The fund will invest in the major world FX pair of currencies.

On an ancillary basis, the fund will also invest in listed equities and fixed income securities, such as securities issued or guaranteed by Member States and Non-Member States, their sub-divisions, agencies or instrumentalities and corporate debt securities and corporate commercial paper. Fixed income securities may have fixed, variable, or floating rates of interest, and may vary inversely with respect to a reference rate.

The fund shall not invest in shares of other sub-funds of the Company, UCITS and/or other UCIs, including for the avoidance of doubts open-ended exchange traded funds (ETF), above 10% of the net assets of the fund.

On an ancillary basis, the fund may invest in cash, cash equivalent and/or deposits. Under exceptional circumstances, the Sub-Fund may be invested up to 100% in cash or cash equivalent (including money market instruments).

The fund operates mainly by implementing a directional long short strategy on the fund's asset classes or indices thereof. Short exposure will be achieved through the use of derivative instruments. The fund's long positions will be sufficiently liquid to cover at all times the fund's obligations arising from its short positions. The fund will be actively managed.

Other information

This fund will not distribute dividends. Any income generated will be reinvested in the fund.

Investment in this fund is suitable for investors seeking a stable income with moderate to high level of volatility.

You can buy and sell shares on most working days in Luxembourg. Exceptions to this are more fully described in the fund Holiday Calendar available from the Administrator.

Risk and reward profile

The above indicator shows the risk and reward characteristics of the fund, based on the fund's historical performance over the last 5 years. Where a 5-year performance history is not available, the history has been simulated on the basis of an appropriate benchmark index.

The indicator above is based on historical data and thus may not be a reliable indication for the future.

The indicated risk category is not guaranteed and may change over time.

The indicator helps investors have a better understanding of the potential gains and losses of the fund. Even the lowest category does not mean a risk-free investment.

Important risks to which the fund is particularly sensitive

The fund's performance is determined by trends in financial markets and by economic developments of the issuers, who are themselves affected by both the overall situation of the global economy and by the economic and political conditions prevailing in each country.

The fund performance is influenced by the accuracy of the model used to assess and select investments.
